

# **COVID 19 Update**

## **Purbalok**

To all Purbalok Resident,

Currently in Purbalok we have only 1 COVID 19 positive case in our locality, i.e-138, Purbalok. We don't have any further documented information on COVID 19 positive cases. Requesting everyone not to panic & assume on any individuals. We keep tracking this on high priority basis.

Very soon, we will be doing the entire Purbalok sanitization with Sodium Hypochlorite solution. Will keep posted in this asap.

**Thank You**
